Part 8 – Schedules 138

Part 1

General Administration

Part 1 – General Administration

1.1 Application

1. This Bylaw applies to the entire geographical area of the **Municipality** and to all land including the surface of water, airspace, **Buildings** and **Structures** in that area, but does not include First Nations Lands as identified on **Schedule 1, Zoning Map**.
2. Nothing contained in this Bylaw shall relieve any person from the responsibility to seek out and comply with other legislation applicable to their undertaking.

1.2 Establishment and Extent of Zones

1. For the purposes of this Bylaw, the area within the boundary of the **Municipality** is hereby divided into the zones depicted on Schedule 1 (Zoning Map) attached to and forming part of this Bylaw.
2. The extent of each zone is shown on Schedule 1 (Zoning Map).
3. When a zone boundary is shown on Schedule 1 (Zoning Map) as following a **Highway** or a **Watercourse**, the centre line of such **Highway** or **Watercourse** shall be the zone boundary.
4. Where a zone boundary shown on Schedule 1 (Zoning Map) does not follow a legally defined line and where distances are not specifically indicated, the location of the boundary shall be determined by scaling from Schedule 1 (Zoning Map).

1.3 Application Of Other Statutes

1. Definitions in the *Local Government Act*, *Land Title Act*, and the *Interpretation Act* are also applicable in the interpretation of this Bylaw.

1.4 Information Notes

1. Where a paragraph, sentence, or graphic in this Bylaw is written in italics and is preceded by the words **"Information Notes"**, the contents of the paragraph, sentence, or graphic are provided only to assist in the understanding of the Bylaw and do not form a part of it.

1.5 Divisions

1. The divisions of this Bylaw are referred to in accordance with the “*Interpretation Act*” as follows:
 - Part 1.2 Section 1.2.3 Subsection 1.2.3(4) Paragraph 1.2.3(4)(a) Subparagraph 1.2.3(4)(a)(i) Clause

1.6 Abbreviations of Words and Phrases

1. The abbreviations of words and phrases in this Bylaw shall mean:
 - m metre(s)
 - mm millimetre(s)
 - m² square metres
 - ha hectare
 - max maximum
 - min minimum
 - n/a not applicable

1.7 Terms Used In this Bylaw:

1. Unless the context specifies otherwise, reference to the singular includes a reference to the plural, and vice versa.
2. Unless the context specifies otherwise, references to a gender or gender-specific pronoun shall include all genders or gender-neutral pronouns.
3. Headings have been inserted for ease of reference only and do not form part of this Bylaw.
4. If a word or expression is defined in this Bylaw, other parts of speech and grammatical forms of the same word or expression have corresponding meanings.
5. Reference to any enactment includes any regulations, orders or directives made under the authority of that enactment; and to that enactment as consolidated, revised, amended, re-enacted or replaced, unless otherwise expressly provided.
6. Where the word “including” is followed by a list, the contents of the list are not intended to circumscribe the generality of the expression preceding the word “including”.
7. Unless the context specifies otherwise, references to “**Building**” shall include other **Structures** intended for the same, or similar land use category.

1.8 Severability

1. If any section, subsection, sentence, clause or phrase of this Bylaw is for any reason held to be invalid by the decision of any court, it shall be severed from this Bylaw without affecting the validity of the remaining portions of this Bylaw.

Part 2

Enforcement and Prohibited Uses

Part 2 – Enforcement and Prohibited Uses

2.1 Violations

1. Every person who violates any of the provisions of this Bylaw, or who suffers or permits any act or thing to be done in contravention of this Bylaw, or who neglects to do or refrains from doing any act or thing, which is required by any of the provisions of this Bylaw, commits an offence.

2.2 Penalty

1. Every person who commits an offence under this Bylaw shall, upon conviction, be liable for a fine as set out in the *Bylaw Notice Enforcement Bylaw* and the *Municipal Ticket Information Bylaw* and the costs of prosecution.

2.3 Inspection

1. In accordance with the *Community Charter*, the Bylaw Enforcement Officer, **Building Inspector**, Municipal Engineer, **Approving Officer** and the Director of Planning and Building Services are hereby authorized to enter, at all reasonable times, upon any property subject to this Bylaw to ascertain whether this Bylaw is being observed, provided that reasonable steps have been taken to advise the owner or occupier before entering the property.

2.4 Direct Enforcement

1. Whenever a person is directed by this Bylaw to carry out a matter or thing, on default by that person, the matter or thing must be done at the expense of the person in default, and the **Municipality** may recover the expense, with interest at the same rate as is used for default taxes, in the same manner as municipal taxes.
2. Before acting on default of the person, the **Municipality** shall give 30 days' written notice to the person, by double registered mail, of intent to enforce under this section, and invite the person to attend before **Council**.

2.5 Prohibited Uses

1. **Drive-Through Services** are prohibited in all zones.
2. **Cannabis Retail** is prohibited in all zones unless specifically authorized, in accordance with the *Official Community Plan*.
3. The siting, erection or moving of a **Mobile Home** in the District is prohibited.
4. No **Lot** shall be used for the **Storage of Vehicles** or as an **Automobile Wrecking** or **Salvage Yard**, unless explicitly permitted in the Bylaw.
5. No **Lot** shall have constructed or placed upon it more **Buildings** or **Structures** of any kind than are specified in this Bylaw for the zone in which it is located.
6. No **Building** or **Structure** shall be constructed, reconstructed, placed, erected, altered, moved or extended so as to contravene the requirements of this Bylaw.
7. No land including the surface of water, airspace, **Building** or **Structure** shall be used for any use unless the **Off-Street Parking** and off-street loading requirements for that use have been provided in accordance with this Bylaw.
8. No land including the surface of water, airspace, **Building** or **Structure** shall be used for any use unless the screening requirements for that use set out in Part 6 have been complied with and the **Fencing** or **Landscaping** is being maintained so as to provide an effective visual screen.
9. No **Accessory Building** may be used or constructed so as to be capable of being used for human habitation, and without limiting the generality of that restriction no **Accessory Building** may contain sleeping accommodation, be equipped or constructed so as to be capable of being equipped for household activities related to the storage, preparation and consumption of food, or be equipped or constructed so as to be capable of being equipped with a bathtub or shower, except where a **Residential - Cottage** or **Residential - Carriage House** is permitted in the Bylaw and they are constructed in accordance with this Bylaw, the BC Building Code and any other applicable District regulations.

Part 3

Interpretations

Part 3 – Interpretations

3.1 General Interpretations

1. Land including the surface of water, airspace, **Buildings** and **Structures** in any zone shall be used only for the uses specifically permitted in the applicable zoning provisions of this Bylaw.
2. Where a particular land use is expressly permitted in a zone or zones, such land use is prohibited in all other zones.
3. Where minimum distances are specified in this Part in respect of front, rear and side yards, **Buildings** and **Structures** must be sited at least that distance from the front, rear and **Side Lot Lines** respectively.
4. Where maximum **Heights** of **Buildings** and **Structures** are specified for a zone in this Bylaw, no **Building** or **Structures** in that zone may exceed that **Height**.
5. Where maximum **Lot Coverage** of **Buildings** and **Structures** is specified for a zone in this Bylaw, all **Buildings** and **Structures** on a **Lot** in the zone may not cover a greater proportion of the area of the **Lot** than the proportion specified.
6. Where minimum **Lot Area** and **Frontages** are specified for a zone in this Bylaw, land in the zone shall not be subdivided so as to create a **Lot** having a lesser area or **Frontage** than that specified, and where a minimum average **Lot Area** is specified land shall not be subdivided such that the **Lots** in the **Subdivision** have an average area less than that specified.
7. Where a maximum **Floor Area - Ratio (FAR)** is specified for a zone in this Bylaw, the gross floor area of all **Buildings** and **Structures** on a **Lot** in the zone shall not exceed the product of the specified **Floor Area Ratio** and the area of the **Lot**.
8. Unless a **Building** or **Structure** is attached to a **Principal Building** by a completely enclosed **Structure** having walls, roof and floor, it is for the purpose of this Bylaw deemed not to be part of the **Principal Building** but is deemed to be an **Accessory Building** or **Structure**.

Non-Agricultural Zones

9. In non-Agricultural zones, **Buildings** and **Structures**, **Accessory** to a permitted **Building** or **Structure**, and uses **Accessory** to a permitted use of a **Lot**, are permitted, unless otherwise specified, provided that:
 - The **Principal Use** is being performed on the **Lot**;
 - a **Building** for the purpose of the **Principal Use** has been constructed on the **Lot**; or
 - a **Building** for the purpose of the **Principal Use** is in the process of being constructed on the **Lot**.

10. In non-Agricultural zones, and with the exception of areas for display, loading, parking and **Outdoor Storage** uses, all operations and processes associated with a permitted use shall occur within a **Building** or **Structure** designed and intended for such use, unless the permitted use is otherwise defined to principally occur outdoors. This does not prohibit the outdoor use of land for uses **Accessory** to the **Principal Use**.

Agricultural Zones

11. In Agricultural zones, **Accessory Buildings** for the purpose of **Agriculture** shall be permitted on the **Lot** prior to the performance of the **Principal Use** and prior to the construction of a **Building** for the purpose of the **Principal Use**.

Development of Land and Non-Conforming Lots

12. No land shall be subdivided or developed, except in compliance with the provisions of this Bylaw. Where a **Lot** that is zoned under this Bylaw to permit residential or agricultural uses existed prior to June 28, 1999 (the enactment of Bylaw 1309) and the **Lot** does not conform to the area or **Frontage** provisions of this Bylaw, such **Lot** may be developed in accordance with the following regulations: all existing **Lots** equal to or greater than 1560 m² (16,800 sq. ft.) in area may be developed either in accordance with the provisions of the Zone in which it is located, or in accordance with the provisions and requirements of the RE-4 zone, except that the **Lot** may not be further subdivided according to the provisions and requirements of the RE-4 zone.

“Floodplain Setback” A defined distance from the edge of a floodplain or watercourse within which development or construction is restricted to minimize the risk of flood damage and to protect public safety and the natural environment.

“Floor Area - Ratio (FAR)” means the figure obtained when the gross floor area of all buildings on a lot is divided by the lot area.

“Floor Area - Gross” means the total area of all floors of a building with a floor to ceiling height of 1.5 m or greater, measured to the extreme outer limits of the building, the centre of party walls, or support posts where applicable, and includes carports, and stairwells on the first storey, but excludes:

- a basement;
- the first 28 m² of floor area of a garage per each principal dwelling unit in a Residential - Single Detached, Residential - Duplex, or Residential - Attached;
- any portion of an underground storey used for parking purposes, accessory storage areas, or areas containing mechanical equipment where that storey is located entirely below grade except for Residential - Single Detached, Residential - Duplex or Residential - Attached;
- unenclosed swimming pools, balconies, porches, sun decks and exterior stairways;
- any crawl space;
- any elevator, electrical, or mechanical penthouse; and
- any portion of a storey that is open to a storey below and does not contain a floor surface, such as the open space adjacent to or surrounding a mezzanine level or double height ceilings.

“Food Processing” means the use of premises for the manufacturing of animal feed or the manufacturing of food or beverage products but excludes abattoirs and rendering plants.

“Food Waste Collection and Storage” means the temporary collection, handling, consolidation, and storage of food waste generated from residential, commercial, institutional, agricultural, or industrial sources prior to transport to an approved recycling, composting, or disposal facility.

“Frontage” means the horizontal distance between side lot lines measured at the front property line of a fee simple lot or a bare land strata plan.

“Front Lot Line” means the lot line that divides the lot from the highway or an access route in a bare land strata plan, provided that in the case of a corner lot the shorter lot line that abuts a highway or bare land access route shall be deemed to be the front lot line. In the case of a panhandle lot, the front lot line is any lot line adjoining and approximately perpendicular to the access strip but excluding any lot line in the access strip.

“Front Setback” means that portion of a Lot between the front lot line and a parallel front setback line which intersects the two side lot lines at such position that the shortest distance measured perpendicular to the setback line, from the setback line to the front lot line, is equal to the minimum distance required for the front setback of a principal building under this Bylaw. Where the front face of a principal building abuts the front setback line, it shall be measured at the building foundation.

Figure 4 – Lot Lines

“Front Yard” means that portion of a lot extending across the full width of the lot from the front lot line to the nearest structure or building on the lot.

“Garage” means a roofed accessory building or portion of a principal building with more than 60% of the perimeter being enclosed within walls, the principal use of which is for parking one or more motor vehicles.

“Garbage Dump” means a site or facility used for the disposal, abandonment, processing, handling, storage, or accumulation of garbage, refuse, discarded materials, waste, or scrap materials, whether originating from residential, commercial, industrial, institutional, or demolition activities.

“Lot Area” means the total area of the lot measured in a horizontal plane, excluding the area of the access strip in a panhandle lot.

Figure 6 – Lot Area

“Lot Coverage” means the proportion of the lot area that is covered by buildings and structures, and for the purpose of calculation shall exclude fences, in-ground swimming pools, and eaves that extend up to 1.2 m from the exterior wall.

Figure 7 – Lot Coverage

“Lot Depth” means the shortest horizontal distance between the front and rear lot lines.

“Lot Line - Side” means a lot line other than a front or rear lot line.

Figure 4 – Lot Lines

“Lot Width” means the horizontal distance between side lot lines measured at right angles to the lot depth and 7.5 m from the front lot line.

“Maneuvering Aisle” a designated, paved or improved pathway within a parking lot or development site that provides access for vehicles to maneuver between parking spaces, loading areas, or other key areas.

“Marina” means the use of land or the surface of the water for the commercial moorage of boats. It may include the sale or rental of boats, marine engines and marine supplies and docking berths, and may include buildings or structures used for marina operations, such as offices, maintenance facilities, and storage buildings.

“Marine Fuel Station” A facility or structure located on or adjacent to a navigable waterway that is designed for the storage, handling, and dispensing of fuel for marine vessels. Marine fuel installations must comply with all applicable regulations regarding environmental protection, safety, and spill containment.

“Minimum Charging Performance Standard” means a standard that outlines the minimum charging requirements for multiple EVs sharing the same power supply. It specifies the circuit breaker size required for a given number of EVs.

“Mini-Warehousing” means the use of a wholly enclosed building for the storage of personal property in self-contained, self-storage units, each of which units has separate and exclusive access from either the exterior or interior of the building but specifically excludes Storage Facility or Warehouse.

General Regulations

Part 4 – General Regulations

4.1 Accessory Buildings

1. Despite the **Accessory** definition, and if there is an **In-Ground Swimming Pool** on the **Lot**, a bathing facility, such as a shower, may be permitted in an **Accessory Building** used exclusively for and related to the **In-Ground Swimming Pool** and associated equipment.
2. Inside the **Urban Containment Boundary** on Residential zoned land:
 1. The maximum **Gross Floor Area** for all **Accessory Buildings** on a **Lot** shall be:
 - a. 10 m² for **Lots** between 300 m² - 500 m²
 - b. 35 m² for **Lots** between 500 m² - 750 m²
 - c. 50 m² for **Lots** greater than 750 m²
 2. **Accessory Buildings** with a floor area less than 10 m² and a **Height** less than 3 m may be sited:
 - a. 1 m from a **Rear** or **Side Lot Line** with a maximum projection of 0.3 m for eaves.
 - b. 1.5 m from a **Rear** or **Side Lot Line** with a maximum projection of 0.6 m for eaves.
 - c. The maximum **Height** of **Accessory Buildings** is 3.5 m.

4.2 Floodplain Regulations

1. The following lands are designated as floodplain:
 1. Land within the **Floodplain Setbacks** specified in **Section 4.2.2** of this Bylaw.
 2. Land lower than the flood construction levels specified in **Section 4.2.3** of this Bylaw.
2. Pursuant to section 524 of the *Local Government Act* no **Building** or **Structure** shall be located within the following setback requirements:
 1. 7.5 m from the **Natural Boundary** of **ŌIKEL** (Maber Flats) and Martindale Flats.
 2. 7.5 m from the **Natural Boundary** of a lake, swamp, pond, or marsh area.
 3. 15 m from the **Natural Boundary** of any stream.
 4. Where a **Building** site is at the top of a steep bluff and the toe of the bluff is subject to erosion and/or is closer than 15 m from the **Natural Boundary**, the setback shall be a horizontal distance equal to 3.0 times the **Height** of the bluff as measured from the toe of the bluff, or as determined by a qualified professional.

5. 100 m from the **Natural Boundary** of the sea and the lands are subject to, or likely subject to, flooding from high tides, storm surge and wave effects, the property owner is to provide a report from a qualified professional in accordance with the *Provincial Flood Hazard Area Land Use Management Guidelines – Legislated Flood Assessments in a Changing Climate*, as amended from time to time. The report shall confirm that the land may be used safely for the use intended.
 - a. If meeting the setback would sterilize the **Lot** (i.e. not allow even one of the land uses or **Structures** permitted under the current zoning bylaw), the qualified professional can recommend a reduced setback provided that this is augmented through a restrictive covenant under Section 219 of the *Land Title Act* stipulating the hazard, **Building** requirements, and includes a liability disclaimer.
3. Pursuant to section 524 of the *Local Government Act*, no **Building** or **Structure** shall be constructed, reconstructed, moved, extended, or located so that the underside of any floor system, and top of any pad supporting any space or room that is used for dwelling purposes, business, or the storage of goods which are susceptible to damage by floodwater, is lower than the following flood construction levels:
 1. 1.5 m above the **Natural Boundary** of **ŌKEL** (Maber Flats) and Martindale Flats.
 2. 1.5 m above the **Natural Boundary** of a lake, swamp, pond or marsh area.
 3. 1.5 m above the **Natural Boundary** of a **Watercourse**.
 4. Within 100 m of the **Natural Boundary** of the sea, the prescribed FCL shall be based on a report from a qualified professional in accordance with the *Provincial Flood Hazard Area Land Use Management Guidelines – Legislated Flood Assessments in a Changing Climate*, as amended from time to time, and be based on minimum allowance for future sea level rise to the year 2100.
4. Exemptions from Flood Construction Levels:
 1. **Section 4.2.3** shall not apply to the following uses, with the exception that all main electrical switchgear shall be installed no lower than the specified flood construction level:
 - a. The portion of a **Building** or **Structure** used exclusively as a **Carport**, **Garage** or entrance foyer or as a non-habitable **Accessory Building**;
 - b. Agricultural **Buildings** excluding **Dwelling Units** and **Buildings** for the keeping of animals; and
 - c. On-loading and off-loading facilities associated with water-oriented industry.

4.3 Landscape Design

4.3.1 General Landscape Design

1. Pergolas, arbours, privacy screening, and trellises shall not exceed 3 m in **Height**; and be permitted in any yard, provided that a minimum setback of 1.5 m from any **Lot** line is maintained.
2. All direct and ambient lighting shall be shielded so as not to shine directly beyond the boundaries of the **Lot**.

4.3.2 Fences

1. **Fences** are permitted up to 1.3 m with the following exceptions:
 - a. Agricultural, Commercial, Institutional, or Industrial zones **Fences** are permitted up to 2.5 m in any part of the **Lot** between the **Front Yard** setback line and the **Rear Lot Line**.
 - b. In a Residential zone where the **Height** of a **Fence**, in any part of the **Lot** between the **Front Yard** setback line and the **Rear Lot Line**, shall not exceed 1.9 m; and;
 - c. For **Panhandle Lots**, the **Height** of **Fence** is limited to 1.3 m for that part of the **Access** strip within 7 m of the **Lot Frontage**.
 - d. A **Sight Triangle** shall not be obstructed by a **Fence** greater than 0.7 m.
2. **Subsection 4.3.2.1** shall not apply to open mesh, netting, or wire **Fence** erected on any part of a **Lot** on Agricultural, Rural, or Residential zones for the purpose of crop and garden protection.
3. Barbed wire **Fences** are prohibited in all zones.

4.3.3 Retaining Walls

1. **Retaining Walls** must be located entirely on private property and may be located within a required setback.
2. Any tiered **Retaining Walls** must be spaced horizontally at a minimum of 1.2 m between tiers.
3. Any **Retaining Walls** tier must not project more than 1.2 m above the average **Natural Grade** or the top of the **Retaining Walls** tier below.
4. The maximum number of tiers that may be constructed in a combined **Retaining Walls** system is two with a maximum **Height** of 2.4 m.

5. Where a **Fence** is constructed on top of a **Retaining Wall** the combined **Height** of the **Retaining Wall** and **Fence** shall not exceed the maximum permitted **Height** of a **Fence** in such location.

Figure 11 – Fences and Retaining Walls

4.3.4 Swimming Pools

1. Swimming pools shall not be located in the required **Front Yard** or required **Side Yard** of the principal dwelling unit.
2. Swimming pools shall be located at a minimum of 3 m from the side and rear property lines.

4.4 Outdoor Storage

1. In the case of residential zones, an unlicensed vehicle shall not be parked or stored in the required **Front Yard** of a **Lot**.
2. No **Front Yard** shall be used for **Outdoor Storage**, whether as an **Accessory** or **Principal Use**, or for the **Storage of a Boat**, or unlicensed **Recreational Vehicle (RV)** and Trailer.
3. In Commercial Zones, no commodity, merchandise, stock-in-trade or other material or thing related to any commercial use shall be stored within the **Front Yard**, this does not include outdoor display of merchandise for sale.

4.5 Secondary Dwelling Units

1. **Secondary Dwelling Units** shall be occupied for residential purposes only and shall not be used as a **Bed and Breakfast** or **Short-Term Rental Accommodation**.
2. **Secondary Dwelling Units** must be rented for an occupancy period of more than 30 days.
3. No **Residential - Secondary Suite** may be stratified, subdivided, or otherwise legally separated from the principal residential dwelling.
4. Where permitted inside the **Urban Containment Boundary**, **Secondary Dwelling Units** are permitted in the form of a secondary suite wholly contained within the principal dwelling unit, and as **Secondary Dwelling Unit - Detached** in the form of a one-storey **Residential - Cottage** or two-storey **Residential - Carriage House**.
5. Outside of the **Urban Containment Boundary**, **Secondary Dwelling Units** are permitted in Agricultural and Rural zones in accordance with the **Density** regulations prescribed in the applicable zone and the following regulations:
 1. A **Residential - Cottage** or a **Residential - Carriage House** shall have a maximum floor area of 90 m².
 2. **Secondary Dwelling Units** shall not include **Basement** areas and may include a maximum of 15 m² for any combination of covered or uncovered attached decks, balconies, porches, or covered outdoor areas that are otherwise not included in floor area calculations.
 3. Where a **Secondary Dwelling Unit** is located within a **Building** that also contains another accessory use, there shall be no internal connection between the **Accessory** use and the **Dwelling Unit**, and each use must have its own separate entrance.
6. Within the Agricultural zones, a detached **Secondary Dwelling Unit** is permitted subject to the following conditions:
 1. The principal dwelling is 500 m² or less in floor area,
 2. The detached **Secondary Dwelling Unit** has a maximum floor area of 90m² and,
 3. There are no **Mobile Homes** existing on the property.

4.6 Setbacks

1. In residential zones, radio, television, or satellite dish antennas shall not be located in the **Front Yard** or **Side Yard**.
2. In residential zones, antennas and satellite dishes may be permitted on the roof of a **Building** and may project up to an additional one metre above the maximum permitted **Building Height**.
3. In residential zones, where vehicular **Access** to **Dwelling Units** is required for parking purposes, a minimum **Side Yard** setback of 6.0 m is required. Where the **Access** is straight and less than 90 m in length, a minimum setback of 4.5 m is required.

Additional Setbacks

1. All **Buildings** and **Structures** for housing or enclosing **Livestock** and all **Buildings, Structures** and areas used for the storage of manure or **Composting - Agriculture** shall be a minimum of 30 m from any **Lot Line** adjoining a residential zone.
2. On a **Lot** adjacent to or containing a **Watercourse**, no person shall construct, place, or erect any **Building**, paved driveway, parking area, or **Structure** – other than a **Fence**:
 1. on the bed of the **Watercourse**;
 2. within 15 m, measured horizontally, from the **Natural Boundary** of the **Watercourse**; or
 3. within 10 m, measured horizontally, from the **Top of the Bank** of the **Watercourse**.

Figure 12 – Setbacks from Watercourses

3. No person shall construct, erect, or place any **Building**, paved driveway, parking area, or **Structure** within 10 m, measured horizontally inland from the **Natural Boundary** of the sea or from the top of a slope with a grade of 3:1 or steeper adjacent to the sea, except for the following:
 1. **Fences**;
 2. **Docks**, ramps, and walkways;
 3. stairs; and
 4. geothermal heating and cooling systems.

Information Note: A Development Permit is required for any **Structures** or works located within the Development Permit Areas.

Buffering from Agricultural Land

1. Where a **Building** for a residential occupancy is proposed to be constructed on a **Lot** directly abutting a parcel designated as **Agricultural Land Reserve**, the minimum yard requirements specified in the applicable zoning provisions are increased by 5 m to maintain a physical buffer between the residential use and the agricultural uses which may occur.
2. Where a **Principal Building** for Commercial or Industrial uses is constructed on a **Lot** directly abutting a parcel designated as **Agricultural Land Reserve** the minimum setback requirements are
 1. Increased by 5.0 m for **Buildings** less than or equal to 11 m or two **Storeys**
 2. Increased by 10 m for the **Buildings** greater than 11 m

Projections into Setbacks

1. Where yard setbacks are required by this Bylaw, they shall be free of all **Buildings** and **Structures** except:
 1. Chimneys, cornices, leaders, gutters, bay windows, a cantilevered section of a **Building**, and ornamental architectural features extending not more than 0.6 m into any required yard.
 2. Front and rear unenclosed steps, eaves, awnings, canopies, cantilevered decks or balconies, or open porches extending not more than 0.6 m into any required yard.
 3. Mechanical features integrated into the **Building** exterior, including heating or ventilating equipment, extending not more than 0.6 m into any required yard.
 4. Heat pumps not integrated into the **Building** exterior shall:
 - a. not be sited in a **Front Yard**;
 - b. have **Acoustic Screening** when sited 3 m or less from a side or rear property line.
 5. Exterior cladding and insulation extending not more than 0.3 m into any required yard.
 6. Ramps, or wheelchair lifts, for accessibility purposes are permitted in any yard.
 7. Below grade steps to access **Basement** area extending not more than 1.2 m into any required yard.
 8. Underground utilities, geothermal heating and cooling systems, irrigation systems, storage tanks, underground parking and similar **Structures** constructed entirely beneath the surface of the ground may encroach into required yards provided such underground encroachments do not result in a grade inconsistent with abutting properties and the encroachments are covered by sufficient soil depth or surface treatment to foster **Landscaping**.
 9. **Fences**.

2. The total length of all completely enclosed projections from the face of a **Building** described in paragraphs (1) through (3) above shall not exceed 50% of the total length of the **Building** wall from which they project.

4.7 Shipping Containers

1. **Shipping Containers** are permitted in the following zones with the maximum number of **Shipping Containers** as follows:

Zone	Number of Shipping Containers
Rural (R-A, R-F, R-S)	1
Agriculture (A, A-F, A-H)	5
Institutional (P-G, P-P)	1
Industrial (I-L, I-E)	5*
Commercial (CS, CI)	2

*Industrial maximum number of shipping containers does not apply to a business that leases, rents or sells metal shipping containers for off-site use.

2. Despite **Section 4.7.1**:
 1. When a building permit has been issued for construction on a parcel in any zone, **Shipping Containers** may be used for temporary storage provided that they are removed within 30 days of final inspection of the **Building** or **Structure** for which the building permit has been issued.
 2. **Shipping Containers** may be used for moving provided that they are not located on any parcel for longer than 30 days.
 3. **Shipping Containers** may be used for emergency purposes on a parcel in any zone provided they are not located on any parcel for longer than 90 days.
 4. The storage of fuel or other combustible materials is strictly prohibited within **Shipping Containers**.
 5. **Shipping Containers** shall not be sited between the **Principal Building** or **Structure** and the front parcel boundary, except when the front parcel boundary abuts a lane.
 6. **Shipping Containers** must comply with the setback requirements of the applicable zone.
 7. **Shipping Containers** may not be used for **Agricultural Retail Stands**.
3. **Shipping Containers** shall only be used for storage purposes.
4. **Shipping Containers** shall not be accessible to the public.
5. **Shipping Containers** shall not be stacked.

4.8 Sight Triangles and Siting Provisions from Provincial Highways

1. On any **Corner Lot**, no **Building, Structure, Fence, Landscaping**, vegetation, or other visual obstruction greater than 0.7 m in **Height** shall be permitted within a **Sight Triangle** that would interfere with the safe movement of traffic or obstruct the view of motorists, cyclists, or pedestrians.

4.9 Temporary Use of a Dwelling Unit During Construction

1. In the **Agriculture** and Rural zones, when an owner applies for a building permit to replace a principal **Dwelling Unit** on a **Lot** and wishes to continue living in the existing dwelling during the construction of the new one, a building permit may be issued provided that the owner grants the **Municipality** a covenant under Section 219 of the *Land Title Act*, in a form satisfactory to the **Municipality**, by which the owner agrees to:
 1. Covenants to demolish, remove or alter the existing dwelling to a comply with this Bylaw in the manner set out in the covenant, forthwith upon completion of the new dwelling or upon the request of the **Municipality**, whichever is earlier;
 2. Authorizes the **Municipality** to enter the lands and cause the demolition, removal or alteration if for any reason the owner neglects or refuses to do so within 30 days of being requested to do so, and agrees to indemnify the **Municipality** for all costs incurred in so doing;
 3. Acknowledges that the **Municipality** may withhold an occupancy permit for the new dwelling until the existing dwelling has been demolished, removed or altered in accordance with the covenant; and
 4. Provides, in a form satisfactory to the **Municipality**, security to meet the reasonably anticipated costs of demolition, removal or alteration of the existing dwelling in the event that the **Municipality** causes that dwelling to be demolished, removed or altered.

4.10 Uses Permitted in All Zones

1. Land in every zone may be used for the installation and operation of underground water supply, sewage collection, drainage, gas distribution works, geothermal heating, public utilities, cooling systems and underground and above-ground telecommunication lines.
2. Publicly owned lands in every zone may be used for **Park(s)**, playgrounds and playing fields, hiking and bicycling paths, horse riding trails and ecological reserves, and District fire hall or District fire training centre.

Part 5

Use Specific Regulations

Part 5 – Use Specific Regulations

5.1 Bed and Breakfast

1. A **Bed and Breakfast** business is limited to a maximum of four bedrooms within a **Residential - Single Detached** dwelling.
2. **Bed and Breakfast** use shall not include any secondary **Cooking Facility** for use by guests or patrons.
3. The operator of a **Bed and Breakfast** home must reside in the dwelling in which the **Bed and Breakfast** operation is located;
4. The operator must also reside onsite during the operation of the **Bed and Breakfast**;

5.2 Composting and Food Waste Collection and Storage

1. **Composting** is not permitted in any zone, except in accordance with this [Section 5.2](#).
2. **Composting - Residential** is permitted as an **Accessory** use in every zone in which residential uses are permitted, but compost may not be sold from the premises, and the production of compost is not a permitted **Home Occupation**.
3. **Composting - Agricultural** is permitted as an accessory use in the A1 zone, subject to the following regulations:
 1. Processing of **Composting** material, including material undergoing initial decomposition and material undergoing secondary curing before being applied to land, must not occur within 30 m of any parcel boundary or domestic water supply intake, nor within 30 m of any natural **Watercourse** or constructed ditch, but nothing in this Paragraph prohibits the application of finished compost to land. In the case of a farm business comprising more than one parcel of land, the siting requirements of this Paragraph in relation to parcel boundaries do not apply in relation to any parcel boundary not constituting an exterior boundary of the farm.
 2. Compost prepared in the agricultural zone must be applied to land that is included in the same farm business as the land on which the **Composting** occurs and may not be sold or removed from that premises on which it is produced, but nothing in this Paragraph prohibits the sale of bagged manure from farm roadside stands.

3. Initial decomposition of food waste, sludge, septage, fats, oils and grease, brewery waste, plant matter derived from processing plants, hatchery waste, poultry carcasses, fish wastes, whey, milk processing waste and contaminated fibers must be contained in a closed reactor or vessel in which conditions such as moisture, temperature and oxygen levels can be closely monitored and controlled, and from which odors detectable by humans cannot escape.
4. Materials referred to in [Paragraph 5.2.3\(3\)](#) undergoing secondary curing or being stored prior to initial decomposition must be stored on an impermeable surface and any leachate must be collected, so that contaminants leaching from the materials cannot enter the groundwater table.
4. Where **Food Waste Collection and Storage** is permitted as a **Principal Use** it is subject to the following regulations:
 1. **Food Waste Collection and Storage** shall only occur within a wholly enclosed **Building** or within lidded containers designed to prevent the escape of odours, liquids, or waste materials.
 2. Food waste may only be deposited, collected, loaded, unloaded, or otherwise handled between the hours of 8:00 a.m. and 5:00 p.m., Monday through Saturday, excluding statutory holidays.
 3. All **Food Waste Collection and Storage** areas shall be maintained in a manner that prevents access by wildlife, birds, rodents, insects, and other pests.
 4. No food waste collection or storage use shall create a nuisance by reason of odour, noise, litter, pests, or unsightly accumulation of materials beyond the boundaries of the property on which the use is located.

5.3 Marina Use

1. Each **Marina** use shall be connected to the **Municipal** sanitary sewer system. Pump out facilities provided shall be of sufficient capacity to handle all boats berthed at or visiting the **Marina**.
2. Each **Marina** shall maintain separate facilities for the containment and disposal of oil and solid waste material.
3. **Marinas** shall not provide any facilities or services specifically designed to accommodate commercial float planes.
4. A maximum of one boat or vessel for each fifty berths may be used as accommodation for managers or watchmen of **Marinas** and wharves. The license number of the boats or vessels and the names and telephone numbers of the managers or watchmen shall be registered by the **Marina** operator with the License Inspector annually or as changes occur.

5.4 Home Occupations

Home Occupations, where permitted by this Bylaw, shall be as follows:

Criteria	Minor	Major	Rural
Operator Restriction	The Home Occupation must be operated by a member, or members of the Family residing in the Dwelling Unit in which the Home Occupation is carried out.

7. **Secondary Dwelling Unit(s)** in accordance with [Section 4.5](#)

***Information Note:** Other legislation like the [Agricultural Land Commission Act](#) applies and may limit accessory uses.*

6.2.3 Density

The permitted **Density** on a **Lot** shall be as follows:

1. One **Residential - Single Detached** dwelling is permitted on a **Lot**.
2. For **Lots** less than 1 ha, only one additional **Secondary Dwelling Unit** is permitted in the form of a secondary suite wholly contained within the principal dwelling, or in a **Residential - Cottage** or **Residential - Carriage House** in accordance with [Section 4.5](#).
3. For **Lots** 1 ha or more, both a **Residential - Secondary Suite** and a **Residential - Cottage** or **Residential - Carriage House** are permitted in accordance with [Section 4.5](#).

6.2.4 Siting of Buildings and Structures

1. Siting of Residential Buildings and Structures

Siting of Residential **Buildings** and **Structures** shall be as follows:

1. **Front Yard** minimum of 7.5 m
2. **Rear Yard** minimum of 7.5 m
3. **Side Yard Interior** minimum of 1.5 m
4. **Side Yard Exterior** minimum of 6.0 m
5. **Accessory** Separation minimum of 3 m from **Principal Building**
6. A maximum separation of 50 m between **Buildings** containing residential **Dwelling Units** shall be provided.

2. Siting of Agricultural Buildings and Structures

Siting of Agricultural **Buildings** and **Structures** shall be as follows:

1. **Front Yard** minimum 7.5 m
2. **Rear** and **Interior Side Yard** minimum 1.5 m
3. **Exterior Side Yard** minimum 6.0 m

3. Additional setbacks for Abattoir and **Composting - Agriculture**

1. **Front** and **Exterior Side Yard** minimum 30.0 m
2. **Rear** and **Interior Side Yard** minimum 30.0 m

4. Additional setbacks for **Cannabis Production - Agriculture Facilities**

1. Yard abutting the ALR Boundary minimum 100 m
2. Yard abutting land zoned Institutional (P) minimum 150 m

6.2.5 Size of Buildings and Structures

The maximum size of **Buildings** and **Structures** shall be as follows:

1. **Gross Floor Area** for Principal Residence and other non-agricultural **Accessory Buildings** maximum of 500 m²
2. **Height** for Agricultural use maximum of 13 m
3. **Height** for non-agricultural and residential uses maximum of 8 m
4. **Lot Coverage** for **Cannabis Production - Agriculture Buildings** is 35%, irrespective of residential and other agricultural uses

Information Note: As of February 22, 2019 the [Agricultural Land Commission Act](#) was amended to limit the maximum size of the principal residence to 500 m². Any proposal to increase the permitted size must be approved by the [Agricultural Land Commission](#) for a non-adhering residential use.

6.2.6 Subdivision Requirements

Requirements for **Subdivision** shall be as follows:

1. Minimum and Average **Lot Area** minimum of 4.0 ha.
2. **Lot Frontage** minimum of 10% of **Lot** perimeter

6.2.7 Site Specific Regulations

In the A-1 zone, the following regulations apply on a site-specific basis only:

1. In addition to the permitted uses in the A zone, on land legally described as Strata Lot 2, Strata Plan VIS3427, Section 14, Range 3 East, South Saanich District, parking is permitted to serve permitted uses located on the northern portion of the same parcel zoned I-1 Light Industrial, and such parking is exempted from the surfacing provisions of Section 42(5).
2. Despite the minimum **Lot** size requirement in the A zone, the minimum **Lot** size requirements for **Subdivision** for Lots 29 and 30, Block E, Section 13, Range 1 West, South Saanich District, Plan 1314, are 0.7 ha and 1.0 ha respectively.
3. Despite the size restrictions for a **Secondary Dwelling Unit** the land legally described as Lot 1, Plan VIP36362, Section 11/12, Range 4E, South Saanich District, PID 000-387-142 (2598 Island View Road) the maximum size of a **Secondary Dwelling Unit** is 186 m², subject to complying with all other conditions.
4. Despite the size restrictions for a **Secondary Dwelling Unit** the land legally described as Lot 1, Plan VIP42861, Section 4/5/6, Range 1 and 2W, South Saanich District, Except Part in Plan 48248 and VIP78509, PID 002-406-772 (7779 West Saanich Road) the maximum size of a **Secondary Dwelling Unit** is 186 m², subject to complying with all other conditions.
5. In addition to the permitted uses in the A zone, on land legally described as LOT 1 SECTION 6 RANGE 3E SOUTH SAANICH DISTRICT PLAN 11322, PID 004-366-646, **Veterinary Practice** is a permitted use. In addition, the maximum **Height** of **Accessory Buildings** **Heights** is 4.5 m, the maximum **Lot Coverage** is 25%, and the maximum **Floor Area Ratio** is 0.3. **Accessory Retail** of goods is permitted, providing that the **Gross Floor Area** designated for such **Retail** use, including storage areas for **Retail** goods, shall not exceed the lesser of 60 m² or 15% of the **Building** area.
6. In addition to the permitted uses in the A zone, on land legally described as LOT 1 SECTION 13 RANGE 4E SOUTH SAANICH DISTRICT PLAN 45321 and 5E., PID 008-009-643 and LOT 3 SECTION 13 RANGE 4E SOUTH SAANICH DISTRICT PLAN 25623, in accordance with Figure 13, **Model Aircraft Aerodrome** is permitted provided that: no more than one runway is constructed on the subject property, the centerline of the runway is located no closer than 70m to the **Front Lot Line** of the subject property, no permanent **Buildings** or **Structures** associated with the use are erected or installed, the parking area is surfaced with gravel or similar permeable material; and the runway is compacted clay with grass surface or similar combination of base material and natural planting.

6.3.3 Density

The permitted **Density** on a **Lot** shall be as follows:

1. One **Residential - Single Detached** Dwelling is permitted on a **Lot**.
2. For **Lots** less than 1 ha, only one additional **Secondary Dwelling Unit** is permitted in the form of a **Residential - Secondary Suite** wholly contained within the Principal Dwelling, or in a **Residential - Cottage** or **Residential - Carriage House**, in accordance with [Section 4.5](#).
3. For **Lots** 1 ha or more, both a **Residential - Secondary Suite** and a **Residential - Cottage** or **Residential - Carriage House** are permitted in accordance with [Section 4.5](#).

6.3.4 Siting of Buildings and Structures

Siting of Residential **Buildings** and **Structures** shall be as follows:

- | | |
|------------------------------|------------------|
| 1. Front Yard | minimum of 7.5 m |
| 2. Rear Yard | minimum of 7.5 m |
| 3. Side Yard Interior | minimum of 1.5 m |
| 4. Side Yard Exterior | minimum of 6.0 m |

6.3.5 Siting of Agricultural Buildings and Structures

Siting of Agricultural **Buildings** and **Structures** shall be as follows:

- | | |
|------------------------------|------------------|
| 1. Front Yard | minimum of 7.5 m |
| 2. Rear Yard | minimum of 1.5 m |
| 3. Side Yard | minimum of 1.5 m |
| 4. Side Yard Exterior | minimum of 6.0 m |

6.3.6 Size of Buildings and Structures

8. The maximum **Building Height** for a **Residential - Single Detached** on a **Panhandle Lot** is 4.5 m, except where the dwelling is sited a minimum of 8.0 m from any **Lot Line** the **Height** may be increased to 8.0 m
9. The maximum **Building Height** for **Accessory Buildings** is 4.5 m, except that a water reservoir may have a **Height** up to 20 m
10. The maximum **Building Height** for a **Residential - Cottage** or a **Residential - Carriage House** is 6.5 m, however no portion of the roof may extend above 7.5 m

6.30.6 Subdivision Requirements

Requirements for **Subdivision** shall be as follows:

- | | |
|--|--|
| 1. Lot Frontage | minimum of 10% of the Lot perimeter |
| 2. Number of residential Lots permitted | maximum of 57 |

6.31 Rural – Shoreline: RU-S

6.31.1 Permitted Uses

The following uses are permitted as **Principal Uses** of the land:

1. **Residential - Single Detached**
2. **Agriculture**, excluding **Feed Lots**

6.31.2 Permitted Use Regulations

1. **Agriculture** shall not exceed 25% of the total **Lot Area**.

*Information Note: **Agriculture**, including **Agricultural Retail Stands** and **Equestrian or Riding Stables**, may be subject to applicable Development Permit Area guidelines.*

6.31.3 Permitted Accessory Uses

The following uses are permitted as **Accessory** uses only:

1. **Agricultural Retail Stand**
2. **Equestrian or Riding Stable**
3. **Home Occupation** - Rural, in accordance with [Section 5.4](#)
4. **Secondary Dwelling Unit(s)**, in accordance with [Section 4.5](#)

6.31.4 Density

The permitted **Density** on a **Lot** shall be as follows:

1. One **Residential - Single Detached** Dwelling is permitted on a **Lot**
 - a. For **Lots** less than 1 ha, only one additional **Secondary Dwelling Unit** is permitted in the form of a **Residential - Secondary Suite** wholly contained within the principal **Dwelling Unit**, or in a **Residential - Cottage** or **Residential - Carriage House**, in accordance with [Section 4.5](#).
 - b. For **Lots** 1 ha or more, both a **Residential - Secondary Suite** and a **Residential - Cottage** or **Residential - Carriage House** are permitted in accordance with [Section 4.5](#).

6.31.5 Siting of Buildings and Structures

Siting of **Buildings** and **Structures** shall be as follows:

1. **Front Yard** minimum of 7.5 m
2. **Rear Yard** minimum of 7.5 m
3. **Side Yard Interior** minimum of 1.5 m
4. **Side Yard Exterior** minimum of 6.0 m
5. A minimum separation of 2.5 m between residential **Buildings** shall be provided.
6. A maximum separation of 50 m between **Buildings** containing residential **Dwelling Units** shall be provided.

6.31.6 Size of Buildings and Structures

The maximum size of **Buildings** and **Structures** shall be as follows:

1. **Height:**
 - a. **Residential - Single Detached** maximum of 8.0 m
 - b. **Secondary Dwelling Units** maximum of 6.5 m, with no portion of the roof extending above 7.5 m
 - c. **Accessory Buildings** maximum of 4.5 m
2. The **Lot Coverage** for the principal residence and **Accessory Buildings** or **Structures**, excluding a **Residential - Cottage** or a **Residential - Carriage House**, shall be as follows:

Lot Size	Lot Coverage
> 0.8 ha	5%
0.72-0.79 ha	6%
0.64-0.71 ha	7%
0.56-0.63 ha	8%

0.08-0.15 ha	14%
<0.08	15%

6.31.7 Subdivision Requirements

Requirements for **Subdivision** shall be as follows:

1. Minimum and average **Lot Area** minimum of 2.0 ha
2. **Lot Frontage** minimum of 10% of the **Lot** perimeter

6.31.8 Site Specific Regulations

In the RU-S zone, the following regulations are permitted on a site-specific basis only:

1. Despite the maximum **Lot Coverage** in the RU-S (Rural Shoreline) Zone, the maximum **Lot Coverage** is 30% for Parcel A (DD267417I) of Lot 1, Section 2, Range 4 East, South Saanich District, Plan 9137 except part in Plan 2319 RW (8205 Lochside Drive).
2. Despite the maximum **Lot Coverage** in the RU-S (Rural Shoreline) Zone, the maximum **Lot Coverage** for Amended Lot 9, (DD 142640I), Section 1, Range 4 East, South Saanich District, Plan 4863, Except Part in Plan 2319 RW (8355 Lochside Drive), is 10.0%.
3. Despite the maximum **Lot Coverage** in the RU-S (Rural Shoreline) Zone, the maximum **Lot Coverage** for Lot 9, Section 2, Range 4E, South Saanich District, Plan VIP9420, Except Plan 2319 RW (8325 Lochside Drive), is 10.71%.
4. Despite the Permitted Use Regulations in the RU-S zone, the **Lot Coverage** for **Agriculture** will be 100% for land legally described as:

6.32 Water Area: W

6.32.1 Permitted Uses

The following uses are permitted as **Principal Uses** of the land:

1. **Docks**

6.32.2 Siting of Buildings and Structures

Siting of **Buildings** and **Structures** shall be as follows:

1. At least 5 m from the projected side property line.
2. At least 6 m from the projected side property line if adjacent to a **Park** or public beach **Access**.
3. 10 m from any existing **Dock** or **Structure** on the foreshore.
4. No **Boat House**, shed or shelter shall be erected within a W-1 zone.
5. No **Structure**, **Dock**, or walkway shall be constructed or placed below the **High Water Mark** so as to impede free pedestrian **Access** along the waterfront. In cases where the **Dock** platform is raised by more than 0.3 m above any point on the public foreshore, steps must be provided to allow public **Access** over the **Dock**, and this access must not be blocked by **Fences** or other means.

6.32.3 Size of Buildings and Structures

The maximum size of **Buildings** and **Structures** shall be as follows:

1. **Height** maximum of 4.5 m
2. **Accessory Building** maximum of 60 m² **Gross Floor Area**
3. No private float or walkway may be over 30 m in length or 3 m in **Width**.

Information Note: The installation of any **Structures** below the **Natural Boundary** of the sea are required to obtain the necessary permits or approvals from provincial and federal agencies.

6.33 Water Area (Boat House Zone): W-BH

6.33.1 Permitted Uses

The following uses are permitted as **Principal Uses** of the land:

1. **Docks**
2. **Boat House**

6.33.2 Siting of Buildings and Structures

Siting of **Buildings** and **Structures** shall be as follows:

1. No **Structure**, float, or walkway shall be constructed or placed so as to impede free pedestrian access along the waterfront. In cases where the **Dock** platform is raised by more than 0.3 m above any point on the public foreshore, steps must be provided for public access over the **Dock** and this **Access** must not be blocked by **Fences** or other means.

6.33.3 Size of Buildings and Structures

The maximum size of **Buildings** and **Structures** shall be as follows:

1. No **Boat House** shall exceed 130 m² **Gross Floor Area**.
2. No private float or walkway shall be over 30 m in length or 3 m in **Width**.
3. **Height** a maximum of 6.4 m above any **Structure** on which the **Building** or **Structure** is constructed.

Information Note: The installation of any **Structures** below the **Natural Boundary** of the sea are required to obtain the necessary permits or approvals from provincial and federal agencies.

6.34 Water Area: W-M

6.34.1 Permitted Uses

The following uses are permitted as **Principal Uses** of the land:

1. **Boat Building and Repair**
2. **Boat Hoists and Launching Ramps**
3. Boat Rental and Sporting Equipment Rentals and Sales
4. **Docks**
5. **Ferry** and **Water Taxi**
6. **Fish Processing**
7. **Fish Charters and Marine Tours**
8. **Marine Fuel Station**
9. **Marinas**, in accordance with **Section 5.3**
10. **Temporary Moorage**
11. **Yacht Club**

6.34.2 Permitted Accessory Uses

The following uses are permitted as **Accessory** uses only:

1. **Caretaker's Dwelling**

6.34.3 Siting of Buildings and Structures

Siting of **Buildings** and **Structures** shall be as follows:

1. All floats and **Structures** except geothermal heating and cooling systems shall be set back 6.0 m from the marine boundary of any water **Lot** or foreshore lease.
2. No **Structure**, **Dock**, or walkway shall be constructed or placed below the **High Water Mark** so as to impede free pedestrian **Access** along the waterfront. In cases where the **Dock** platform is raised by more than 0.3 m above any point on the public foreshore, steps must be provided to allow public **Access** over the **Dock**, and this **Access** must not be blocked by **Fences** or other means.

Information Note: The installation of any **Structures** below the **Natural Boundary** of the sea are required to obtain the necessary permits or approvals from provincial and federal agencies.

6.35 Water Area: W-MB

6.35.1 Permitted Uses

The following uses are permitted as **Principal Uses** of the land:

1. **Docks**
2. **Ferry** and **Water Taxi**
3. **Fish Charters and Marine Tours**
4. **Marinas**, in accordance with **Section 5.3**
5. **Temporary Moorage**

6.35.2 Siting of Buildings and Structures

Siting of **Buildings** and **Structures** shall be as follows:

1. No **Structure**, **Dock**, or walkway shall be constructed or placed below the **High Water Mark** so as to impede free pedestrian **Access** along the waterfront. In cases where the **Dock** platform is raised by more than 0.3 m above any point on the public foreshore, steps must be provided to allow public **Access** over the **Dock**, and this **Access** must not be blocked by **Fences** or other means.
2. Except on the upland boundary, all floats and **Structures** shall be set back 2.0 m from the boundary of any water **Lot** or foreshore lease.

6.35.3 Size of Buildings and Structures

The maximum size of **Buildings** and **Structures** shall be as follows:

1. No private float or walkway shall be over 65 m in length or 4 m in **Width**.

Information Note: The installation of any **Structures** below the **Natural Boundary** of the sea are required to obtain the necessary permits or approvals from provincial and federal agencies.

Part 7

Off-Street Parking, Loading and Screening Regulations

Part 7 – Off-Street Parking, Loading and Screening Regulations

7.1 Provision of Off-Street Parking

1. Subject to [Section 7.2](#), every owner of land shall provide and maintain off-street motor vehicle parking spaces on the same site as the development, [Building](#) or use they are intended to serve, in accordance with the regulations in this Part.

7.2 Off-Street Parking for New and Existing Buildings, Structures and Uses

1. For new [Buildings](#), [Structures](#) or uses, [Off-Street Parking](#) shall be required in accordance with the regulations in this Part, including EV requirements.
2. For additions to existing [Buildings](#) or [Structures](#), or for changes or additions to an existing use, the number of required parking spaces shall be determined by applying the regulations in [Section 7.5](#) to those changes or additions, excluding EV requirements.
3. For changes in use which conforms to the uses permitted in a zone, the required parking spaces shall be determined by applying the regulations in [Section 7.5](#), to those changes unless the use involves a [Shopping Centre](#).
4. In the case of a use not specifically mentioned, the number of required [Off-Street Parking](#) spaces shall be the same as that for the most similar use.
5. Where the calculation of required spaces, [Energized](#) parking, or [Electrical Vehicle Supply Equipment \(EVSE\)](#) units results in a fractional number, calculations shall be rounded to the nearest integer.
6. Where [Off-Street Parking](#) spaces in excess of Bylaw requirements are provided, their location, design and operation shall comply with the requirements of Part 7 of this Bylaw with the exception of [Residential-Single Detached](#) uses.

7.3 Use of Parking Facilities

1. All **Off-Street Parking** spaces required by this Bylaw shall be used exclusively for the parking of motor vehicles of clients, customers, employees, members, residents, tenants, or visitors who make use of the **Principal Building** or use for which the parking area is provided, and such parking area shall not be used for off-street loading, driveways, **Access** or egress, commercial repair work, display, sale or storage of goods of any kind.
2. **Off-Street Parking** spaces may be provided and used collectively by two or more **Buildings** or uses on the same site, provided that the total number of parking spaces when used together is not less than the sum of the requirements for the various individual uses, and that such parking facilities shall not be located more than 150 m from any building or use to be served.
3. Despite **Section 7.1**, where all required parking spaces for non-residential uses cannot be located on the same site as the **Building, Structure** or use for which they are required, parking spaces may be provided on land other than that in respect of which the spaces are required, provided that:
 - a. The parking site is located within 150 m of the site where the **Building, Structure** or use requiring provision of parking is located or carried on;
 - b. Excess parking spaces exist at the parking site and granting a parking easement would not create a parking shortfall for uses occurring on the site,
 - c. And an easement or restrictive covenant in favor of the **Municipality** is registered against the title of the parking site, requiring that it be used to provide the required number of parking spaces for the **Building, Structure** or use which requires the parking.
4. Despite Subsection 7.3.2, where it can be ascertained by the Director of Planning and Building Services that the peak parking demand for two or more non-residential **Buildings, Structures** or uses on the same site or abutting sites occurs at different periods of time, the parking requirements for those buildings or uses may be reduced by a maximum of 25% of the total parking requirement, provided that an easement or restrictive covenant in favor of the **Municipality** is registered against the titles of the subject properties, setting out the shared parking arrangement and requiring the provision of the required number of parking spaces for the **Buildings, Structures** or uses which require the parking.

7.4 Development and Maintenance Standards for Off-Street Parking

7.4.1 Design of parking areas and access

1. **Off-Street Parking** areas shall be:
 - a. Developed as an integral part of an overall site plan; and
 - b. Arranged to ensure the safe and convenient circulation of vehicles to and from the public road system.

2. Adequate provision shall be made for individual access to or from all parking spaces at all times by means of unobstructed **Maneuvering Aisles** provided as follows:

Parking Angle	Width of Maneuvering Aisle
90 degrees	7.5 m
60 degrees	5.5 m
45 degrees and less	4.0 m

3. Parking spaces may be arranged one behind the other with a common or shared point of **Access** to a street or **Maneuvering Aisle**, only if both spaces are allocated to the same **Dwelling Unit**, provided in respect of a **Residential - Single Detached** unit.

7.4.2 Surfacing, Marking and Lighting

1. **Off-Street Parking** areas and their related driveways and **Maneuvering Aisles** shall be:
 1. Except as note in Paragraph 7.4.2(3), surfaced with asphalt, concrete or similar pavement, pavers, gravel or similar permeable material so as to provide a durable surface.
 2. Graded and drained to dispose of surface water and to eliminate sheet flow of drainage water onto sidewalks, public rights-of-way or abutting properties; and
 3. for accessible parking and aisle surfaces:
 - a. hard, non-slip surface;
 - b. a maximum running slope and maximum cross-slope of surface at 1:50 (2%); and,
 - c. drop curbs (curb ramp) shall be provided to accommodate wheelchair access between parking spaces and entrances to **Buildings**.
2. Individual parking spaces shall be suitably delineated by painted lines or other means, such as brick pavers, cat eyes, or wheel stops, as appropriate. Entrances and exits shall be clearly marked by curbs or **Fences**, painted lines, or signage.
3. Where four or more parking spaces are required, all parking areas shall be provided with adequate curbs in order to retain vehicles within the permitted parking areas, and to ensure that **Fences**, walls, hedges, landscaped areas, **Buildings**, sidewalks and public roads and lanes will be protected.
4. Lighting used to illuminate **Off-Street Parking** areas or parking **Garages** shall be so arranged that all direct rays of light are reflected upon the parking areas or **Garages**, and not on any adjoining premises.

7.4.3 Location of Stalls

1. **Off-Street Parking** provided for a **Secondary Dwelling Unit** shall be:
 - a. Specifically allocated for use of the **Secondary Dwelling Unit** only;
 - b. Located so as to allow for **Access** to and from the parking space at all times by means of an unobstructed driveway; and

- c. For a **Residential - Secondary Suite**, provided at grade and not enclosed in a **Building**, except that where a building contains three or more parking spaces, one space may be allocated for a **Residential - Secondary Suite** use.
2. Visitor parking spaces must be marked with a sign that clearly identifies their use for visitor parking only.
3. Where four or more parking spaces are required, off-street surface parking shall be located no less than 2.5 m from any **Lot Line**.
4. All parking for commercial buses shall be provided off-street in spaces specifically designed for bus parking only and each space shall be located at least 6 m from any property line.

7.4.4 Accessible Parking

1. Accessible parking spaces shall be:
 - a. On the same **Lot** as the uses, **Buildings** or **Structures** that the spaces are provided for;
 - b. Located to allow for the shortest possible **Access** route to the main entrance or elevator of the **Building**; and
 - c. If multiple accessible entrances are accessible, spaces may be dispersed to enable parking proximity to multiple entrances.
2. The following are required to identify accessible parking spaces:
 - a. a sign in compliance with the regulations pursuant to the *Motor Vehicle Act* regulations, with minimum dimensions of 30 cm x 60 cm at the end of a parking space (1.5 m or higher) either a post-mounted accessible sign or affixed to the building face;
 - b. an additional blue sign 30cm x 15cm indicating "Van Accessible" for all Type A accessible spaces, located below the required sign indicated in (15)(1); and
 - c. the parking surface shall be painted with the International Symbol of Accessibility.

Figure 17 – Illustration of MVA Regulations Accessible Parking Signage

7.4.5 Electric Vehicles Parking

1. **Electric Vehicle Energy Management Systems (EVEMS)** Performance Standard requirements, found in Table 1 below, shall be followed. Performance requirements indicate the maximum number of **Electric Vehicle Supply System (EVSE)** (**Level 2** electric vehicle charging stations) that **Part 7 – Off-Street Parking**, Loading and Screening Regulations Page 123 may be connected to the same circuit, for various circuit ratings. The **EVEMS** Performance Standard is meant to ensure that a vehicle may be fully recharged 90% of the time during an overnight charging session, based upon average daily driving distances, estimated as 24.1 km per day in Central Saanich.
2. For designs where an **EVEMS** is intended, electrical infrastructure shall include communications equipment, control systems installation, licensing, and permitting required to operate.

Minimum Circuit Breaker Rating (Amps)	Maximum Number of EVSE (Chargers) Per Circuit
20	1
30	2
40	4
50	5
60	6
70	7
80	8
90	10
100	11
125	14
150	17

7.4.6 Stall Dimensions

1. **Off-Street Parking** spaces and access aisles shall have clear minimum dimensions as follows:
 - a. An accessible aisle of 1.5 m, clearly marked with diagonal markings, must be provided immediately adjacent to each accessible parking space.

- b. One accessible aisle may provide access for up to two accessible parking spaces.

	Width of Space	Length of Space	Clearance
Standard parking space	2.7 m	5.5 m	2.0 m
Small car parking space	2.4 m	5.0 m	2.0 m
Standard parking space (parallel)	2.6 m	7.3 m	2.0 m
Small car parking space (parallel)	2.4 m	6.7 m	2.0 m
Accessible parking space – Type A	3.7 m	6.0 m	2.3 m
Accessible parking space – Type B	2.7 m	6.0 m	2.3 m
Marked Accessible Aisle	1.5 m	6.0 m	2.3 m

- Where four or more parking spaces are required and where a parking space adjoins a wall, **Fence** or other **Structure** greater than 0.6 m in **Height**, the **Width** of the parking space shall be increased by 0.6m for the entire length of the parking space.
- If an **Off-Street Parking** area contains 31 or more spaces, a maximum of 30% of the spaces provided may be small car parking spaces which shall be clearly marked to identify their use for the parking of small cars only.

Minimum Energized Spaces: refers to minimum number of parking spaces, expressed as a % of the total or as a whole number, for which Energized outlets shall be provided.

Minimum Energized Electric Vehicle Supply Equipment (EVSE): refers to the minimum number of Energized outlets that shall be provided with charging stations (EVSE units) at the time of development, either expressed as a % of the total or as a whole number. Where the number of EVSE specified in the table is greater than the minimum Energized parking spaces percentage requirement, the EVSE requirement will be equivalent to the percentage requirement of minimum Energized spaces.

Minimum Charging Level: refers to the minimum charging level provided at each of the Energized parking spaces (L2 = Level 2; L2M = Level 2 with energy management enabled). Where energy management is allowed, the EV Energy Management Systems Performance Standard shall apply. Where L2M is specified, energy management is recommended but optional (i.e., L2 may be used instead).

7.5.1 Accessible Parking Space Requirements

1. The minimum number of accessible parking spaces shall be provided in accordance with the requirements set out in the table below:

Total number of required parking spaces	Accessible parking spaces of the required total parking for residential attached and residential apartment		Accessible parking spaces of the required total parking for all other applicable uses	
	Type A	Type B	Type A	Type B
1 to 9	0	0	1	0
10 to 25	1	0	1	0
26 to 50	1	1	1	1
51 to 75	2	1	2	1
76 to 100	2	1	2	2
For each additional increment of 25 spaces or portion thereof		1 additional space		1 additional space

2. For properties developed pursuant to the Strata Property.
3. If a parking variance is requested as part of a development, the number of required **Off-Street Parking** before the variance shall be used to calculate the number of accessible parking spaces.
4. The following uses do not require an accessible parking space:
 - a. Facilities that are used exclusively for the **Storage of Vehicles**
 - b. Residential Uses where four or less parking spaces are required
 - c. Seasonal or temporary uses provided that parking for persons with limited mobility can be accommodated in an appropriate manner on site, to the satisfaction of the Director of Planning and Building Services.

7.6 Provision of Bicycle Parking

Bicycle parking shall be provided in accordance with the following:

1. All Commercial, Industrial, Comprehensive Development, Institutional, and **Residential - Apartment** uses shall provide short-term bicycle parking in the form of bicycle racks on the basis of 1 space per 10 required vehicular parking spaces;

2. Bicycle racks shall be provided on the same site as the development, building or use for which they are intended, and shall be: (a) located in a convenient, well-lit location within 15 m of a **Principal Building** entry and be sheltered from rain and weather conditions; and
 - a. be made of sturdy, theft-resistant material, securely anchored to the ground, floor or wall.
3. Unobstructed access by means of an aisle with a minimum **Width** of 1.2 m shall be provided to each bicycle parking space or rack.
4. In addition to Paragraph 7.6.1(1), **Residential - Apartment** uses shall provide on the basis of 1.5 bicycles parking spaces per **Dwelling Unit**, secured, covered, long-term bicycle parking on-site in the form of:
 - a. bicycle lockers constructed of solid, opaque, weatherproof and theft resistant material with lockable doors which open to the full **Height** and **Width** of each locker, are grouped together, and each with minimum dimension of 2 m long, 1.5 m high and 1 m wide; or
 - b. the same lockers for vertical storage bicycle parking spaces may be provided with minimum dimensions of 0.6 x 1.2 m with staggered **Heights** to avoid handlebar conflict; or
 - c. bicycle rooms complete with bicycle racks, where the bicycle rooms provide a lockable door and lighting;
 - d. at least half of the bicycle parking spaces must be horizontal, ground anchored.
5. Where secured, long-term bicycle parking is required under 7.6.1(4), for every one over-sized bicycle parking space provided having a minimum dimension of 0.9 m x 3 m, up to three vertical storage bicycle parking spaces may be counted.
6. In addition to section 7.6.4.(4), **Residential - Apartment** uses must include at minimum one **Energized Level 1** outlet (120 V) with every two long-term bicycle parking spaces.

7.7 Provision of Off-Street Loading Facilities

1. Subject to **Section 7.8**, every owner of land shall provide and maintain off-street loading spaces on the same site as the development, **Building** or use they are intended to serve, in accordance with the regulations in this Bylaw.

7.8 Off-Street Loading for New and Existing Buildings, Structures and Uses

1. For new **Buildings**, **Structures** or uses, the required number of off-street loading spaces shall be required in accordance with the regulations set out in **Section 7.10**.

2. For additions to existing **Buildings** or **Structures**, or for changes or additions to an existing use, the number of off-street loading spaces required shall be determined by applying the regulations in **Section 7.10** to those changes or additions.
3. Where off-street loading spaces in excess of Bylaw requirements are provided, their location, design and operation shall comply with the requirements of this Bylaw.

7.9 Development and Maintenance Standards for Off-Street Loading

1. Each off-street loading space shall have clear minimum dimensions of 3 m in **Width**, 9 m in depth, and 4 m in clearance.
2. Each off-street loading area shall be clearly marked for the use of loading only.
3. All loading spaces shall be provided with adequate curbs to retain all vehicles within the permitted loading areas and to ensure that **Fences**, walls, hedges, landscaped areas, and **Buildings** will be protected.
4. Each loading space shall be surfaced with asphalt, concrete or similar pavement so as to provide a durable, dust-free surface and shall be so graded and drained as to properly dispose of all surface water.
5. Off-street loading areas shall be arranged so as to ensure the safe and convenient circulation of vehicles to and from the public road system and not be arranged so as to require the backing out of vehicles onto a public road.
6. Off-street loading spaces shall be accessed off a lane or **Maneuvering Aisle** not less than 6 m wide.
7. Any lighting used to illuminate any loading area shall be so arranged that all direct rays of light are reflected upon the loading area and not on any adjoining premises.
